

global warming a reader pdf

September 14, 2006. "Global Warming" is a psychological operation, a "psyops", to condition the public to believe that we are going to be in a lot of trouble in the near future if we don't take steps "X,Y, & Z", and do it quickly. Those "steps" are what the Illuminati want us to follow so they can further consolidate their control over our lives-and still make a ton of money in the process.

Global Warming (Sep. 13, 2006) - Educate-Yourself

It takes only one experiment to disprove a theory. The climate models are predicting a global disaster, but the empirical evidence disagrees. The theory of catastrophic man-made global warming has been tested from many independent angles. The heat is missing from oceans; it's missing from the ...
