The Discworld gods are the fictional deities from Terry Pratchett's Discworld series of fantasy novels. The Discworld, being a flat disc supported on the backs of four elephants on top of a giant flying turtle, exists in a region of the universe where reality is somewhat less consistent than it appears in our own, more mundane corner of existence.. Because reality on the Disc is so fragile and ...

Fictional history. Apokolips and its bright counterpart, New Genesis, were spawned by the destruction of Urgrund, the world of the "Old Gods" (initially implied to be the gods of classical mythology, though versions of these characters have since been revealed to still exist in the DC Universe). Apokolips and New Genesis are locked in an eternal war, symbolizing the struggle of evil and good on ...

Official doctrines, by definition, do not incriminate the officials who created them. If official doctrines did incriminate the officials who created them, then the officials would be looked down upon by the public, and therefore they and their doctrines would no longer be considered official. This is simple logic. So, as you can see, official doctrines are by no means synonymous with the truth.

You remember what a fabulous success court-ordered "desegregation" plans have been. Few failures have been more spectacular. Illiterate students knifing one another between acts of sodomy in the stairwell is just one of the many eggs that had to be broken to make the left's omelette of transferring power from states to the federal government.
