Make a plan today. Your family may not be together if a disaster strikes, so it is important to know which types of disasters could affect your area. Know how you'll contact one another and reconnect if separated. Establish a family meeting place that's familiar and easy to find. Step 1: Put together a plan by discussing these 4 questions with your family, friends, or

Family economics applies basic economic concepts such as production, division of labor, distribution, and decision making to the study of the family. Using economic analysis it tries to explain outcomes unique to family—such as marriage, the decision to have children, fertility, polygamy, time devoted to domestic production, and dowry payments.
