

reception of international law pdf

This book is a good read for anyone interested in international politics, or how the world works (both theory and application). The Law of Nations deals largely with political philosophy and international relations, and has been said to have modernized the entire theory and practice of international law.

International human rights law (IHRL) is the body of international law designed to promote human rights on social, regional, and domestic levels. As a form of international law, international human rights law are primarily made up of treaties, agreements between sovereign states intended to have binding legal effect between the parties that have agreed to them; and customary international law.

Lex mercatoria (from the Latin for "merchant law"), often referred to as "the Law Merchant" in English, is the body of commercial law used by merchants throughout Europe during the medieval period. It evolved similar to English common law as a system of custom and best practice, which was enforced through a system of merchant courts along the main trade routes.
