Systems Research Center The charter of SRC is to advance both the state of knowledge and the state of the art in computer systems. From our establishment in 1984, we have

Digital Equipment Corporation - memex.org

Research comprises "creative and systematic work undertaken to increase the stock of knowledge, including knowledge of humans, culture and society, and the use of this stock of knowledge to devise new applications." It is used to establish or confirm facts, reaffirm the results of previous work, solve new or existing problems, support theorems, or develop new theories.

A Comparative Study of Customer Perception toward E

Introduction. In the past few years, many new resources have been put up on the Internet that facilitate legal research work. The sheer number and variety of resources can sometimes make it difficult to determine where to start, how to choose among similar resources, and how to keep up-to-date on available resources.
