As you begin a new school year, one of the biggest challenges you probably will encounter is getting students to read their textbooks. Informational text can overwhelm students, leaving them less likely to read and more likely to become apathetic about learning. I believe that this Science Notebook will help students use their

notebook writing. There are many ways to promote variety and foster creativity in the writer's notebook. Try having students write after sketching, bringing in an important object from their own lives, or taping a photograph, picture, quote or article into their notebooks. Teach them to create lists, conduct interviews, and observe closely.
