soft computing for knowledge pdf

SCIS-ISIS 2018 is the flagship international conference of Soft Computing in Asia, that attracts several hundred participants all over the world.

scis2018.j-soft.org - SCIS&ISIS2018

Organized by India Intl. Congress on Computational Intelligence in association with University of Nairobi (Computational Intelligence Group, School of Computing & Informatics) . Technically Sponsored by IEEE Kenya Section, Tunisia Chapter of IEEE Robotics & Automation Society & South Africa Chapter of IEEE Computational Intelligence Society.

ISCM2018

Premier source of high quality research, We have practice in publishing innovative articles dealing with various aspects of artificial intelligence methods and soft computing,

JAISCR - Aims & Scope

In computer science, real-time computing (RTC), or reactive computing describes hardware and software systems subject to a "real-time constraint", for example from event to system response. Real-time programs must guarantee response within specified time constraints, often referred to as "deadlines". The correctness of these types of systems depends on their temporal aspects as well as their ...

Real-time computing - Wikipedia

A significant portion of the BSI effort was devoted to best practices that can provide the biggest return considering current best thinking, available technology, and industry practice.

Knowledge management (KM) is the process of creating, sharing, using and managing the knowledge and information of an organisation. It refers to a multidisciplinary approach to achieving organisational objectives

by making the best use of knowledge. An established discipline since 1991, KM includes courses taught in the fields of business administration, information systems, management ...

Knowledge management - Wikipedia

Objectives. The primary objective of IJISDC is to provide a framework for discussion and dissemination of knowledge in the area of intelligent systems design and its importance in the changing scenario of technology development. It is a medium to highlight research contributions on a global scale. The outcome is a platform facilitating discussion, documentation and dissemination of know-how ...
